FOR IMMEDIATE RELEASE

Intelagrid Opens New Office in Locust Grove, VA

New location in Locust Grove, Virginia to help better serve the company's expanding market

(Locust Grove, VA) March 15, 2010 - Intelagrid, the emerging leader in broadband standards-based smart grid and smart home products, today announced that it has moved its office to the newly developed Twins Office complex to accommodate the company's continued growth. Intelagrid will occupy a portion of the third floor. The company's ongoing growth necessitated the relocation from its previous space in Locust Grove, increasing its square footage to accommodate for new employees and a research and development facility.

As part of our ongoing expansion, Intelagrid is pleased to open its new office in Locust Grove, VA. "We are extremely proud with this growth and expansion," said Intelagrid Founder and CEO Costa Apostolakis. "Our move to the new facility provides much needed space for Intelagrid's continued expansion and reflects the reputation our solution is gaining for its simple but highly effective design that provides Utility's with a scalable solution for smart grid," Apostolakis said.

The company's new address is 4444 Germanna Hwy, Suite 330, Locust Grove, VA. 22508. The phone number for Intelagrid (888-556-0911) will remain the same.

About Intelagrid

As the emerging leader in broadband standards-based smart grid and smart home products, Intelagrid enables utilities to deploy a scalable, reliable and secure infrastructure for advanced metering and real time monitoring. By deploying a broadband shared network infrastructure, utilities can implement multiple services including advanced metering, distribution automation, demand response, smart home and other applications at a fraction of comparable costs. Building an intelligent smart grid lowers capital costs and provides a future proof network that will save energy and operating costs. When planning the intelligent smart grid of tomorrow, partner with a company that makes it available today.
